

SHUBHAM KUMAR

Ranchi, Jharkhand — +91 8935919906 — shubhamkr221003@gmail.com — [GitHub](#) — [LinkedIn](#)

SUMMARY

Proficient in Java with knowledge of Data Structures and Algorithms, OOPs, DBMS, Operating Systems, and Computer Networks. Skilled in problem-solving, logical reasoning, and software development through academic and project experience

EDUCATION

Vellore Institute of Technology

Jul 2025 – Present

- Master of Computer Applications (MCA) **CGPA: 8.2**

Dr. Shyama Prasad Mukherjee University

Aug 2021 – Jun 2024

- Bachelor of Computer Applications (BCA) **81.11%**

SKILLS AND TOOLS

Languages: C, C++, Java, HTML, CSS, JavaScript

Core Concepts: DBMS

Tools: VS Code, MS Office, Photoshop

PROJECTS

Intelligent Sign Language Recognition System

(IEEE Publication Submitted)

- Developed an AI-powered system to recognize static and dynamic sign language gestures from Indian Sign Language (ISL) and convert them into real-time text output.
- Implemented image preprocessing, hand landmark detection (MediaPipe), and feature extraction techniques for accurate gesture recognition.
- Research paper titled "*Intelligent Sign Language Recognition System using Hybrid Deep Learning Approach*" submitted to IEEE for publication.
- Designed a user-friendly interface with real-time webcam integration for seamless communication assistance.
- **Languages Used:** Python, OpenCV, TensorFlow/Keras, Scikit-learn, MediaPipe

Employee Management System

Jan 2025

- Developed a comprehensive desktop application to manage employee records efficiently with CRUD operations.
- Implemented features such as add, update, delete, and search employee data with a graphical user interface.
- Used MySQL for backend database management and JDBC for seamless database connectivity.
- Enhanced data security with role-based access control and input validation mechanisms.
- **Languages Used:** Java, MySQL

Tutor Finding System

Sep 2024

- Built a responsive web platform connecting students with tutors based on subjects, location, and availability.
- Implemented dynamic search and filter functionality, tutor profile viewing, and rating system.
- Designed an intuitive user interface with mobile-responsive layout using Bootstrap framework.
- Utilized local storage for demo data management and form validation using JavaScript.
- **Languages Used:** HTML5, CSS, JavaScript, Bootstrap

CERTIFICATIONS & ACHIEVEMENTS

- **NCC B Certificate Holder** National Cadet Corps
- Typing Speed: 60-70 WPM
- Solved 50+ coding problems using Java and C++
- Completed certifications in Java, and C++

ADDITIONAL INFORMATION

- **Personal Traits:** Self-motivated and quick learner, strong analytical and problem-solving abilities, ability to work independently and in teams, strong dedication towards achieving goals
- **Languages:** English (Professional working proficiency), Hindi (Native)
